THE NEW ARMOUR PLANT.

The new building of the Armour Meat Company, which has recently been constructed by Knight & Rogers, the contractors, is almost ready for occupancy. It is situated on the northeast corner of Cameron and Henry streets. The lot is 51 feet 5 inches front on Cameron street and runs north on Henry street 140 feet 7 inches.

The new structure has a frontage of 33 feet 11 inches, and runs back 97 feet 4 inches. The building is modern in every particular and is of the best class constructed by the Armour Company, and especially fitted for the business for which it is designed. The company will begin on the 16th instant to transfer its effects from the building on the northeast corner of King and Union streets to the new plant and the opening of the latter will take place on the 20th instant.

On the first floor of the new building are the offices and saleroom are located; also a provision room, beef cooler and double smoke house. On the second floor are the record room, government inspectors' office, ice bunkers, store room and a double smoke house. The basement is fitted up for provisions, contains a ham boiler, utensils for sweet pickling and meat cooking, smoking pit and dry salt and sweet pickle meat refrigerating room.

Every thing about the plant has been constructed to meet all health and sanitary requirements. There is an electric elevator in the building, and the entire structure will be lighted by electricity. Sales, receiving and delivery platforms have been erected, and a spur railroad track enters the premises on Henry street. The Armour Company will pave the street in front of their premises in a modern manner.

Mr. Walter C. Davis is the manager of the Armour Company in Alexandria. He has filled the position for several years, during which time the business community has always found him obliging and prompt in his transactions.

PUBLIC SERVICE RECOGNIZED.

The Baltimore Sun on Monday published an excellent picture of Mr. William Koenig, of Petersburg, who represents in that city one of Alexandria's enterprises—the Robert Porter Brewing Company. The Sun says: At the recent organization of the Board of Aldermen Mr. Koenig was elected president of the board, and at a joint meeting of the Board of Aldermen and Common Council he was elected president by the lower Appomattox board.

Mr. Koenig was born in Germany, but has lived in this country for 20 years, and 16 years in Petersburg. He has been a member of the Board of Aldermen ever since its organization, six years ago.

Mr. Koenig is agent in Petersburg for the Robert Porter Brewing Company.

The subject of this sketch evidently is appreciated as he was not only elected president of one branch of the city board, but also president of another board.

KIDNED BY A TRAIN.

Joel Llewellyn, colored, was run over by a bound electric train between the mile Run and Luna streets yesterday afternoon and fatally injured. The train which left Alexandria at 3:35, was stopped and the injured man placed on the platform of the rear car and taken to Washington and placed in the Emergency Hospital where he died early last night. Dickerson attempted to board the motor car while the train was in motion. He missed his footing, fell upon the track and was run over by the trailers. The train was stopped promptly, but the forward truck passed over the unfortunate man, dragging him several yards.

LETTER FROM THE PHILIPPINES.

Mrs. Agnes B. Williams has written from the Philippine Islands to the Sharon, Pa., Telegraph, which is interesting throughout. Mrs. Williams is a niece of Mr. John Fabian, superintendent of the Driggs-Sabury Ordnance Corporation plant at Sharon and a sister of Miss Mamie Bayless, who makes her home with her uncle, Mr. John Fabian. The latter was on a visit to Alexandria, his old home, recently. Mrs. Williams' mother is Mrs. Hilman Bayless, of Alexandria.

SIMULTANEOUS SERVICE.

The Western Union Telegraph Company has inaugurated a system which will give almost simultaneous service to all users of the wires and the public at large. Telegrams which are received will be telephoned immediately to any address having a telephone and the reply accepted over telephone there by giving almost simultaneous service to the public. After telegrams are telephoned the original message is furnished by messenger, thereby saving delays which naturally occur by messenger service. This new system of rapid delivery and fast wire service will be one of the many advantages the company will extend to the public. Mr. Robert Lee Stultz is the manager of the Western Union Company in Alexandria.

COLUMBIA FIRE COMPANY.

Mr. William A. Snoot, president, presided at the meeting of the Columbia Steam Fire Engine Company last night. Ten applications for membership were received, and two new members were elected. Some general business was also transacted. A vote of thanks was extended to the many friends of the company for their aid during the firemen's convention. A committee of six was appointed to organize a racing team.

We sell Hess, Regal, Walk-over, Brockton and Taylor made fine shoes for gentlemen. J. H. Marshall & Bro., 422 King street.

WRIT OF ERROR GRANTED.

In the Court of Appeals today a writ of error and supersedeas was granted in the case of J. H. Trimyer vs. the W. A. & Mt. V. R. W. Co. The case grew out of an injury received by Mr. Trimyer in a collision between a train of the defendant's company with an engine of the Southern Railway Company at the intersection of Cameron and Henry streets about two years ago. The case has been tried twice. On the first trial a verdict and judgment was entered up for \$2,500 in favor of the plaintiff, which, on petition of the defendant, was reversed by the Court of Appeals and a new trial granted. On the second trial in May last a verdict and judgment was entered up in the sum of \$5,000 for the plaintiff from which the defendant appealed and to which a writ of error and supersedeas has been granted. Mr. Trimyer was represented by Judge C. E. Nicol and the railway company by J. R. and H. B. Caton and Moore, Barbour & Keith.

CARDINALS vs. ALEXANDRIA A. C.

Judging from the large attendance at the Cardinal-Alexandria Athletic championship game on the north side of the city last Monday an Alfred street grounds last Monday night last Saturday when the second game of the series will be played. Chief Goods and his "finest" during the first game managed the crowd in a way that deserves the highest praise and he kept the base lines and field clear so that there was not the slightest interference with the players during the entire game. The presence of many prominent citizens and ladies show the interest that is being manifested in the series, and there was not the slightest disorder to mar their pleasure during the entire afternoon, and it is to be hoped that they will again honor the players by their attendance. Both teams are anxious to win the next game, and promise to give a good account of themselves when they meet. The game will be called at 4:30 p. m. sharp.

ASSAULT SENTENCED.

Ernest Moore, a young white man who, while beating his way on a Southern Railway freight train in Danville on August 18, attacked J. Frank Ramsey, the conductor, with a knife, was yesterday given seven years in prison. The evidence at the trial in Danville yesterday showed that the conductor had ordered Moore off the train but that he returned and attacked him from the rear with a pocket knife. The fight took place on top of the train while it was in motion. Ramsey, who was seriously cut, finally with an iron pipe, knocked Moore off the train.

DEATH OF ARTHUR CLEVELAND.

Mr. Arthur Cleveland, a well-known resident of Seminary Hill, died at the Alexandria Hospital early last night. The deceased was a carpenter by trade. He was 63 years old, and he leaves a widow and several children. Mr. Cleveland was a son of the late William Cleveland, who for many years carried the mail in Fairfax county.

FINED TWENTY DOLLARS.

As was stated in the Gazette, Llewellyn Lane, who was charged with cutting Charles Harris, also colored, was arrested in Washington yesterday and turned over to the Alexandria authorities. Lane was passing under the name of John Lewis when arrested. He was brought before the Police Court this morning, when Harris described the cutting, which took place about a month ago. Lane, in his defense, said the trouble originated over a game of crap, and that Harris attacked him first. Justice Caton imposed a fine of \$20 on Lane.

PROPOSED AGREEMENT.

Notices have been sent out to the stockholders of the W. A. and Mt. V. R. Y. to meet at the office of that company at Mt. Vernon on the 21st to consider a proposed agreement with the Washington-Virginia Railway Company. The latter company is chartered to build a road from Richmond to Washington, and though it is not so stated, it is understood, that it wishes to enter into an agreement with the W. A. & Mt. V. road so as to run its trains over the latter's tracks from Mt. Vernon to this city and on to Washington.

SCHOOL PERMITS.

The clerk of the City School Board this morning commenced the issuing of permits to colored children to attend the public schools and during the day issued 229 permits—96 to boys and 133 to girls. On the corresponding day last year 190 permits were issued—69 to boys and 121 to girls. Permits will be issued to colored children no more tomorrow, after which day no more permits will be issued till the 19th.

THE COURTS.

The fall term of the Circuit Court for the City will meet on Monday. There are but few important cases to come up at this time. The September term of the Corporation Court will also begin on Monday, but as Judge Barley will not be in this city on that day, Judge Thornton will open the court and adjourn it till the following Thursday.

Colonel Morton Marye, auditor of public accounts of Virginia was 79 years old on Tuesday. Probably this was his first birthday during his 26 years occupancy of one of the most important offices in the State government on which he has been unable to attend to his official duties. For some weeks past Colonel Marye has been suffering from a painful though not serious attack of sciatica.

Mr. W. O. McCuen, of this city, employed at the steel plant, a short distance north of Alexandria, had his left eye seriously injured while at work a few days ago.

AGAINST BALLINGER.

Minority members of the Ballinger-Pinchot investigation committee frustrated at Minneapolis yesterday the suspected design of the "regulars" to another report on the results of the inquiry until the fall elections. In the absence of Senator Root and Representatives Olmsted, of Pennsylvania, and Oenby, of Michigan, and with the aid of Representative Madison, insurgent, of Kansas, the democrats formally adopted a resolution condemning Ballinger as an unfaithful public officer, and recommending his dismissal.

The resolution held that the charges of Pinchot and Glavis had been sustained; that it was shown that Ballinger had opposed the public interests in the Cunningham coal cases, the restoration of water-power sites and in his administration of the reclamation service. It was declared that he was a foe of conservation and he should no longer be retained in office.

Those who voted for the resolution were Senators Fletcher, of Florida; Paredi, of North Dakota; Representatives James, of Kentucky; Graham, of Illinois, and Madison of Kansas.

Senator Nelson, chairman tried in vain to prevent action by parliamentary subtleties and protests of no quorum. To the same end Senator Sutherland, of Utah, and Representative McCall of Massachusetts, left the committee room insisting that the full committee should be present. The minority contented that inasmuch as no member had raised the point of no quorum being present, the action of the committee stands and the resolution was adopted by the vote registered.

The fight will be renewed at a meeting of the committee on Friday, when all of the members are expected to be present.

COURT OF APPEALS.

The court's proceedings at Staunton yesterday were as follows:

Yost vs. Critcher, argued and concluded, submitted.

Continental Casualty Company vs. Lindsay, argued and submitted.

Irvine vs. Randolph Lumber Corporation, argued in part and continued. Commonwealth vs. Arch Brown, of Augusta county, for murder, writ of error refused.

Petition of Martha Grace Lackey and others from the Circuit Court of Rockbridge, refused.

PANIC ON A CAR.

Four persons were injured, and two are in a serious condition at Cook Hospital, Fairmont, W. Va., from leaping from a burning street car on the Fairmont and Clarksburg Traction line in Fairmont Monday night.

During an electric storm fire started in the control box, and passengers became panic-stricken and jumped.

Occupying a rear seat was George Caskill, superintendent of the Consolidation Coal Company mines at New England. He realized the situation at once and rushed to the break at the rear and stopped the car, at the same time calling to the passengers that there was no danger.

After setting the brake as tight as it would go he went back into the car and prevented other passengers from leaping.

VICTIMS OF FASTING.

At the chapel of Robert Sharp, in Los Angeles, Cal., Tuesday afternoon, Rev. W. L. Tucker, pastor of the Boyle Heights Baptist Church, conducted funeral services over the remains of Mrs. Nellie Boyle. Her death at the County Hospital Wednesday afternoon marked the third fatality among the four Holy Roller fast victims, who were discovered August 19 in a finished condition.

Of the four fast victims James Butler is now the only survivor, and he, too, is at the point of death. When their leader, Rev. John Irving O'Neill, aged 42 years, died 10 days ago, his brother, M. G. O'Neill went to Los Angeles from Dallas, and after attending the funeral, authorized the burial of any others of the party of fanatics who might die as a result of their five weeks of abstinence from food.

Torrential Rains Cause Many Deaths. Brunn, Austria, Sept. 8.—Reports today from various towns in the flooded districts of Moravia indicate that a heavy death toll will result from the recent torrential rains. A hundred houses collapsed at Kuowitz and great damage has also been wrought in Ungarishbrod, Kresmier, and other cities in that vicinity, nearly all of which are inundated.

The Pennsylvania Railroad sent its first train from the terminal at Seventh avenue and Thirty-fourth street, New York, to Hempstead and Jamaica at an early hour yesterday morning. It marked the completion of eight years of financing, rock digging, tunnel boring and construction. There was no special celebration to mark the sending of the first railroad passenger train that ever passed under the East river.

What the New York police regard as material evidence of a filibustering expedition, fitting out at that port for the scene of some South or Central American revolution, was brought to light early yesterday morning when a crew of Harbor Squad A of the police, under Sergeant Van Tassel, overhauled a mysterious 16-foot naphtha launch in the East river and seized 19,000 rounds of ammunition of unknown assignment.

Dragging the dead body of his brother, inclosed in a sack, across a stony field to the woodpile, a considerable distance from the house, William Pindar of Eminence, N. Y., yesterday prepared a funeral pyre and placed upon it the sack containing the body. He then set fire to the mass. Neighbors rushed to the scene and, smelling the odor of burning flesh, persuaded Pindar to desist in his attempts to burn the body, which was drawn forth from the fire badly charred. Pindar was arrested, and is being held, pending an examination as to his sanity.

Samuel Davis, of New York, thinking of his approaching marriage forgot his night key when he went out Tuesday night to call on his fiancée, and, returning to his home in St. Mark's Place, found himself locked out. He went to the roof intending to come down the fire-escape to his room. There have been many burglars in the neighborhood recently, and when John Guarato saw Davis's form on the fire-escape he blazed away with the revolver killing Davis instantly. Guarato has been held.

Of the four fast victims James Butler is now the only survivor, and he, too, is at the point of death. When their leader, Rev. John Irving O'Neill, aged 42 years, died 10 days ago, his brother, M. G. O'Neill went to Los Angeles from Dallas, and after attending the funeral, authorized the burial of any others of the party of fanatics who might die as a result of their five weeks of abstinence from food.

This Glass

Contains one-half pint of PORTNER'S HOFBRAU BEER, a remarkable combination of beverage and food.

A glass of HOFBRAU beer possesses an interesting history. One that takes you back to fields of barley and hops, ripened in the sun.

Then to the brewery. If you think that a brewery is a dark, gloomy, untidy establishment, you should visit ours. Darkness is necessary only where we produce the yeast, which is responsible for the carbonic acid gas that gives "head" to the beer.

But we are overstepping ourselves in trying to tell you here the whole history of HOFBRAU beer. It's a splendid beverage, both for health and enjoyment.

The five days' selling of each week leaves our hands many short lengths and odd pieces of the finest and prettiest, as well as the medium and lower priced goods. All over the house, here and there, we find odd garments, broken lots and sizes, waifs and strays, slow-selling things, muddled and tumbled and soiled and scratched articles and the like.
